

## Tee off at the Caribbean's best golf course

Laidback, fun, insanely beautiful – these are a few of the phrases you could use to describe the experience of golfing in the Caribbean, and there are more choices than ever for teeing off in the tropical sun.

### 4 THE ABACO CLUB Abaco, Bahamas

The Scottish style “tropical links” at The Abaco Club were designed by British course architects Donald Steel and Tom Mackenzie. Hugging the coast, the course features sloping greens, rugged rocks and lush vegetation, and golfers can polish their skills in the expansive practice facility.
